

PuttView Indoor

Features and highlights

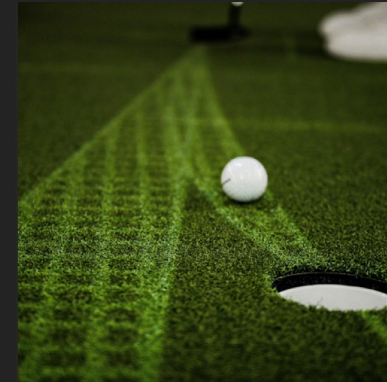

For Players and Coaches

You can use PuttView for your at home practice or in Golf Academies as a coach. We have an individual solution for you.

Guided Practice

Improve your practice sessions! With PuttView you can re-create every putt, choose from one of our predefined exercises or set up your own drills.

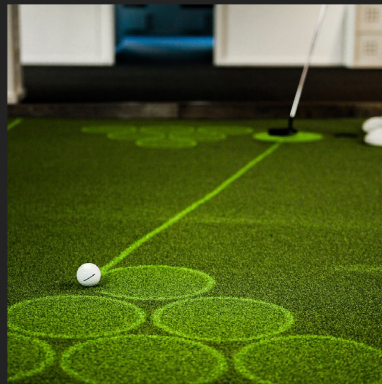

Free Practice

Play from anywhere to any position on the green and choose your preferred visual aids. There are almost unlimited putting options for you to choose from

Practice with the team

Practice with up to 6 Players simultaneously on any given putt. By setting up player accounts you can make your team practice more effective and fun.

Putting Games

Playful learning with Games for Single or Multiplayers alike. Choose a game and improve your putting while having fun with your friends.

The PuttView App

Change and control all visuals with this simple to use Tablet App. Set up practice sessions and get access to your putting data to track your performance over time.
